Wellness on the Rancheria

Greetings Middletown Rancheria:

Through the gift of a grant, we are working to define the services and facility for a wellness center on the Rancheria. We invite you to share your ideas and thoughts on how best to improve wellness for our tribe. Through your voice and participation, we can build the wellness center that meets our tribe's needs, brings healing, and moves us towards "radically inclusive and joy bringing." There will be a few more meetings to identify how to best serve the behavioral health needs of the tribe and you can participate in all or some of the meetings. We hope you will find this valuable to our community and join frequently. If you can't attend the meetings, we hope you will participate in the **surveys** and **online forums**. (A \$10 gift card will be provided for those who complete a survey / dates to come) . If you would like more information or if you have ideas to share, please connect with Kim Cole or Brenda Torres.

Tribal Eco Restoration Alliance (TERA) Training Exchange (TRES) Kickoff
Tribal Members and Environmental Staff attended the Lake TRES (Training Exchange) Kickoff Conference held at Robinson Rancheria and hosted by the Tribal EcoRestoration Alliance (TERA) on March 14th with a field day on March 15th. This event focused on local capacity building within Lake County and surrounding areas y bringing together individuals interested in improving their fire knowledge and becoming better practitioners of Good Fire. Many local property owners, Lake County staff, State and Federal agencies, and many Tribes from Lake and Mendocino Counties were in attendance. Good Fire was the focus. "Why use Good Fire? ...The use of prescribed fire and cultural burning (good fire) builds resiliency in ecosystems, reduces hazardous fuels, and can enhance public and firefighter safety...There are many benefits to Good Fire." For more information on upcoming TRES trainings visit <https://www.tribalecorestoration.org/lake-trex>

TRES Basic Wildland Firefighter Training This Summer

There will be an opportunity for further fire training this summer for those that may be interested. TERA in partnership with the Watershed Research and Training Center will be offering in-person training for Basic Wildland Firefighter Training with options to meet NWCG (The National Wildfire Coordinating Group) standards for Firefighter Type 2 (FFT2 / Basic 32 Classes / Red Card). For more information email Environmental Director Mike Shaver at mshaver@middletownrancheria.com and check out the TERA website at www.tribalecorestoration.org.
